Tales of Faith, Love and Time

Somewhere, somehow, science fantasy, faith, love and laughter meet in time to weave their magic in the kindling of words. I tell the tales that are my world and worlds that you have not imagined. For fellow travellers on a spiritual journey through life these short stories bring together the love of a man and a woman, the love of the Spirit and Word, and the love that wants to weave a story in time and space. Short stories that cover a spectrum of themes, hopes and dreams.

About me..

Author

Sam Denniss

I lived most of my early life in the North-East of England before graduating in Mathematics from the University of Newcastle-upon-Tyne. Married with three grown up children I have spent most of my working life at the University of Liverpool. I now write because it is who I am and what I have become and what I want to say about the journey of both life and the imagination. If there is any meaning to life then I want to reveal it in the relationships, the hopes and the dreams of humanity and to touch the greatest power in this Universe, faith in the God of Love.

FeedARead enables authors to publish their books in simple steps. You are welcome to try out the process for free – set up a book for free and see exactly how your book interior and cover will appear before choosing to publish. You set your own book price and royalties, and your book will be of the same quality as a paperback in a bookstore. Once you have published you can order an author discount copy to check and approve - for below the cost of a normal paperback. The whole process usually takes 14 to 21 days. You can then choose to make your book available to order through FeedARead and major online sellers including Amazon and bookshops.

You are also welcome to browse the bookstore above if you wish, including story excerpts.

Things to consider....

- Proof reading – many times by at least two people
- Book cover, classification, description
- Format and fonts
- You – name, pseudonym, biography
- Book and e-book
- Marketing

Think first!

- what do I want to publish?
- why do I want to publish?
- have I got the IT skills and software (and a computer!) that I need
- is my writing good enough?
- how much can I afford to spend?
- what am I doing to do about proof-reading?
- am I sure I don't want to try via an agent?
